

SAFER LEVEL CROSSING BY INTEGRATING AND  
OPTIMIZING ROAD-RAIL INFRASTRUCTURE  
MANAGEMENT AND DESIGN

# SAFER-LC Workshop 3, Madrid, 05 February 2020

## Next steps

*Marie-Hélène Bonneau*

This project has received funding from the European Union's  
Horizon 2020 research and innovation programme under  
grant agreement No 723205

# Next steps

- ▲ Drafting recommendations
  - ▲ for standardisation
  - ▲ for policy makers
  
- ▲ Updating SAFER-LC Toolbox
  
- ▲ Producing a brochure on lessons learnt from the project to make level crossings safer

# Next Events

**FINAL CONFERENCE**

**SAFER-LC**

**22 April 2020  
PARIS, UIC HQ**

The banner features a yellow diagonal banner at the top with the text 'FINAL CONFERENCE'. Below it is the SAFER-LC logo, which consists of a stylized 'A' shape formed by several parallel lines in black and yellow. To the right of the logo is a photograph of a high-speed train in motion, blurred, with a red and white striped crossing barrier in the foreground. At the bottom of the banner is a dark blue bar containing the date and location '22 April 2020 PARIS, UIC HQ' and the UIC logo.
